MANHATTANVILLE COLLEGE

TOWER 2006

2900 PURCHASE STREET

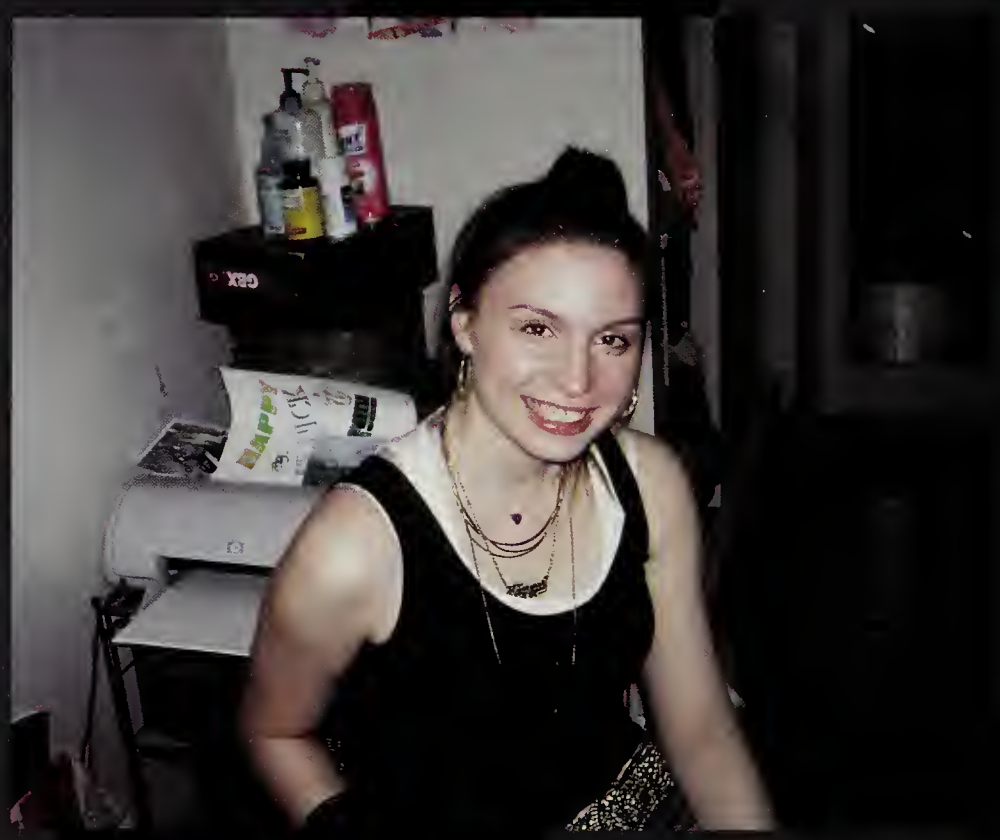
FRESHMEN REFLECTIONS

From many–one, welcomed Manhattanville Class of '07. We began our journey together, and for many of us, it was our first time away from home. We were new to the college, just like the library café and the ground floor dorm rooms in Spellman. With Precept classes and late-night water fights, we were able to meet and greet each other. And who could forget that snow storm in the early spring when half of us got written up by the RAs. But hey, it was our first year of college; we had to make it count, right?

SOPHOMORE REFLECTIONS

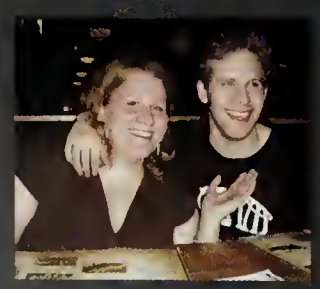
The elections had taken over. With the Kerry/Bush division in the country, we were able to unite and support the "My Soldier" campaign, started by Juan Salas, class of '06. But how could we not unite since most of us were crammed into the "dingles" of Founders hall. Tensions sometimes flared but we made it through. Our first portfolio reviews were done and passed in and the Bouncing Souls came to Quad Jam! But there we were, half way done with our undergrad career and little did we realize how fast the next two years would fly right by us.

JUNIOR REFLECTIONS



Although senior year should be the year of good-byes, it was junior year that we said good-bye to the Jesus statue, Coca-Cola on campus, and Fall Jam (of course it was replaced with Fall Fest, but it just wasn't the same). But, we said hello to a new bookstore and a facelift on the Pub. We also got the Game Zone and housing in Berman's house. We knew where we would be Sunday nights at 9 again when Family Guy came back on FOX. Lots of changes happened for us junior year, and some of the "lasts" started too. We went through room lottery one more time and we registered for fall classes one more time. Four months later, our final year at Mville awaited us.

SENIOR REFLECTIONS



Three years down and one more to go was the original thought. In August, we moved in and within a blink of an eye it was May. Senior week, receiving our diplomas, and then we were done. What happened in between? We celebrated our 200, 100, and 50 nights in sheer class of '07 style. We fought for parking and saw the groundbreaking of the Creative Arts building. Dooley's was over and Porter House was the new hot spot. We drank, we partied, we laughed, we cried. We finished the Manhattanville chapters of our lives. Where we go from here, that isn't clear for all of us, but we will always have our college memories. For many, the best four years of our lives.

200 NIGHTS

For seniors, the countdown till graduation beings on 200 Nights. 200 Nights is the annually celebrated Halloween party that gives students the opportunity to dress up in unique costumes, dance, and for seniors, make the most of their last year at Manhattanville. This year's 200 Nights was especially memorable since it actually fell on Halloween!

Quad Jam

Think rainy days can keep those Mville Kids away? Think again! Quad Jam was once again in the East Room, but not even cold rainy weather could keep us away. Somehow we were able to make the best of it. Giant furniture, balloon hats... who could resist?! Not so many rides, but tons of food and great music. 112 topped the night off with a slamming performance that rocked the room. East Room Jam '06 - Great Music, Great People, Awesome Times!

Fall Fest

On such a beautiful day, it was hard for anyone not to be excited for Fall Fest '06. There was much to do, including a mechanical bull, go-karts, carnival games, even completementary Ben & Jerry's ice cream to savor. Many excellent performances got the crowd going. The night ended with an after-party in the castle, the perfect ending for a fun filled day.

Our mission is to educate students to become ethically and socially responsible leaders for the global community.

Our Mission

Our 2007 Tower Dedication

We, the graduating class of 2007, dedicate our Tower yearbook to Professor Nancy Harris. A vibrant teacher, Professor Harris has challenged us in her classes with her sharp intellect and passionate commitment to the rights of women. She has dared us to see the plight of those who cannot speak for themselves. She has dared us to think clearly. Armed with a wicked sense of humor, she has a kind heart and listens to her students. Often seen cheering for us at games and events, we know she appreciates us. This year we learned of her courage when she faced breast cancer with deliberation and strength. We will carry with us her lessons and her smile. Professor Nancy Harris, valiant of heart.

Clubs

Psychology Club

The psychology club gives students who are interested in psychology a chance to get to know others with the same interests. Club members interact with the faculty of the psychology department through activities like the psychology club meet and greet, game night, psycho-cinema, where we watch a movie and have a discussion following it, Grad School Info Night, holiday fundraisers, guest speaker events, and book club discussions.

Right World View

The Right World View is Manhattanville's newest campus publication. Though it is technically a Conservative publication, writers from all over the ideological spectrum work on the staff and are permitted to voice their opinions in the paper (including those that are not Conservative). We hold weekly meetings and produce a new issue at least once a month.

Achieving Conservation Together

Achieving Conservation Together (A.C.T.) is Manhattanville's environmental club. They hold weekly meetings, collect and recycle bottles and cans in dorm buildings, hold movie nights, fundraise, and hold Environmental Week, where they clean the stream near the chapel.

Colleges Against Cancer

Colleges Against Cancer is a new club on campus that meets weekly. Our goal is to help fight against cancer and bring Relay for Life to the Manhattanville Community. We fundraise doing various activities such as bake sales and candlelight virgils. As a new club, Colleges Against Cancer is really making an impact on campus.

Jewish Student Association

The Jewish Student Association organizes cultural and social programs providing exposure to and appreciation of the Jewish culture. JSA holds weekly meetings and numerous events through out the year. Notably among these events are the dinners hosted at President Berman's cottage and Holocaust survivor to come speak.

Tri-Beta

Tri-Beta serves as an honor society for students interested in pursuing a career in the health sciences and biological research. Each year, Tri-Beta hosts the Manhattanville Annual Science Competition, sponsors a Forensic Outreach program for middle school students, and invites speakers to talk about research experience or medical school. Tri-Beta continues to add vitality and spirit to Manhattanville College and the communities beyond.

A.D.A.P.T.

The ADAPT club stands for American Disabilities Association Promoting Tolerance. We promote the tolerance of disabilities, help students with and without disabilities, and make lives easier for other people with disabilities. ADAPT also raises money for worthy causes, and teach people about different disabilities.

Italian Club

In partnership with other cultural clubs in the Manhattanville community, the Italian club contributes not only social awareness, but fun events for its members and the entire campus population. Such events include, an ice cream social co-sponsored with Tri-Beta, and the ever popular game of assasins.

Touchstone

The Touchstone is Manhattanville's oldest newspaper, currently on its 61st year and always welcoming new student writers and staff. The paper has been entirely student run for the past ten years. It acts as the campus's sole unbiased source of news coverage.

Dance Ensemble

Manhattanville Dance Ensemble (MDE) is a club targeted to dancers with all types of experience and training. We put on one showcase to display our work each semester. MDE also prides itself in the community service activities that we participate in such as, Relay for Life, Making Strides against Breast Cancer, Midnight Runs, and many more.

Gay Straight Alliance

The Gay Straight Alliance provides a safe place for students to meet, support each other, and talk about issues related to sexual orientation for LGBT students as well as straight allies. The GSA is not only a support group that provides safety and confidentiality but also focuses on educating the broader college community about sexual orientation and gender identity issues. The GSA organizes educational workshops, panels, and pride celebrations as well as it serves as an activist club whose goal is to get LGBT issues represented on campus.

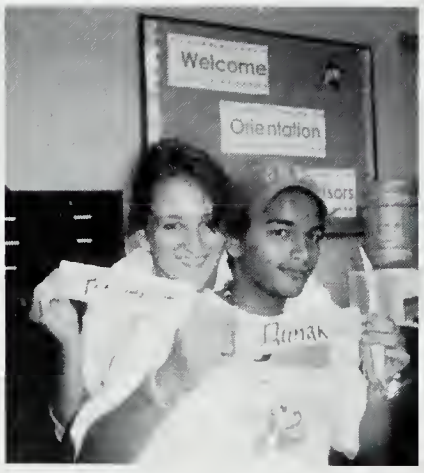
Connie Hogarth Center

The Connie Hogarth Center For Social Action's main goal is to promote discussion and action around political and social issues. The Center is run by students interested and actively involved in activism involving various issues, including racism, sexism, classism, War On Iraq, anti-imperialism, homophobia and many more.

In the past year, the Center has attempted to spark discussion and debate by organizing various events. During our seminars, we discussed the cost of war and global warming.

International Students Organization

The International Student Organization (ISO), encourages international, cultural, and political awareness across campus. In addition, ISO aids international students in any way possible to help them feel more comforable in a foreign country.



Black Student Union

The Black Student Union organizes cultural and social activities that provide exposure to and awareness of African American culture. BSU is also responsible for unifying all students with concerns that pertain to the African American community through their bi-weekly meetings where they discuss these issues.

Manhattanville Sound

Manhattanville Sound is Manhattanville's a cappella singing group that promotes the joy of music both on and off campus. They aspire to build a repertoire of popular and classical a cappella music. In the autumn of 2006, this group participated in performances that ranged from the unveiling of the environmental park on campus, to the Bronx Zoo, as well as holiday gatherings. Just last Spring, Manhattaville Sound performed and competed at Magic Music Days in Orlando, Florida.

WMVL

WMVL is a free-form station run and managed by students and students only. The DJs must apply for an internship and be trained before auditioning for their own show. WMVL deals with numerous promotion companies and charts its airplay to CMJ. WMVL also streams its broadcasting via Quicktime, and we can be heard nation-wide. Not only do they broadcast, they provide dj services to campus events, as well as hosting their own such as Unplugged, Casino Night, and Afterlife.

Rarely is one lucky enough to cross paths with someone so amazing that they rub off on you instantaneously and unknowingly. Randy is one of those people who will teach you more in just a few minutes then you could possibly expect to learn in a lifetime. His love and passion for life, art, and knowledge can't possibly be overlooked, as it is made evident in everything he does. Randy has the ability to meet someone for the first time and immediately become their best friend and mentor. Its safe to say that Randy has touched more lives in his career at Manhattanville then most people could ever hope to in a lifetime.

"I have come to a frightening conclusion. I am the decisive element in the classroom. It is my personal approach that creates the climate. It is my daily mood that makes the weather. As a teacher, I possess tremendous power to make a child's life miserable or joyous. I can be a tool of torture or an instrument of inspiration. I can humiliate or humour, hurt or heal. In all situations it is my response that decides whether a crisis will be escaped or de-escalated and a child humanized or de-humanized."

Class of 2007

Leaving your friends behind, starting a new life in a new country with a new dad is not every 13 year olds dream. I remember your first trip to Disney World, when you told me your third grade teacher said it's nice to dream but you probably will never get to Disney World. I recall telling you, in America if you work hard enough almost all your dreams can become a reality. From an E.S.L. student to graduating in three years, with honors and on the Deans list, our dreams have come true. We wish you the best and hope you continue to follow your dreams.

Love Mom, Dad, Jennifer, and Max

GRADUATION

come through your door.

Congratulations!

The Lingertat Family

It's the afternoon September 30th, 2006, and you are sound asleep on the couch. I can only think about the unusual courage and uncommon stregnth that you have exhibited over the last ten years. It was then that I voweed that we would not succumb, nor would we be defeated by the tragedy of your mother's death. Anthony, you have remarkably and undeniably kept that solemn promise. You truly have grown in the strength of her love by becoming an independent, mature, passionate, and compassionate human being. I am forever proud to call you my son. I cannot even imagine how proud your mother would have been. Whether it be here on earth, or in the heaven, we will always watch over you.

Your smile is worth a million and you always seem to know what to say and when to say it. We are grateful for all the things you have brought into our lives. You have filled our scrapbook with wonderful memories, proud moments, and lots of bragging rights that we will always treasure. May you achieve all that you want and want all that you achieve.

From seed to manhood, you have been
our pride and joy: the happy, mud-covered,
Lego-building, sentimental child; the shy but
competent middle school student;
the long-suffering pianist and b-ball player;
the joking soccer team member and track star;
the actor, musician and performer;

To The Graduate Lauren, No More a Child

To the graduate, no more a child,
On whom these many years our love has shone:
Take pleasure in the pleasure of our pride,
However much you've managed on your own.
Even as you dance upon your stage,
Growing ever more endowed with grace,
Remember that our love will never change,
A place for you beyond all time and place.
Do what you will within your own wide world,
Understanding in your own wise way:
Always know you are our field of wonder,
The wild, star-filled moor on which we wander,
Even as we honor you today.

With all of our Love,
Mom, Dad and Jonathan

Sabrina

We are so proud of you and your accomplishments. You have reached for the impossible to create the possible, you have persevered in every aspect of your life. Your positive attitude has made many great things happen at home, college, camp and church. You are diligent in everything you do and an exceptionally focused individual. It is a joy to hear thank you for sending us Sabrina from several of your professors!

It is inspiring to witness your strong sense of who you are as a person and your goals. You have great values. We have witnessed them in the interactions with friends. You are prudent to maintain your mutual friendships with esteem. You think before you act. You have many friends who seek your advice on a regular basis. You have earned the respect of peers, Administrators, Professors and Clergy. When it's time to give a gift for an occasion, you usually craft one to reflect the life. You have taught yourself how to sew, your talent of painting to make a portfolio for scenery for the drama plays and musical costumes, and wrote and produced four child. And now you are producing a thesis Degree. You have so many gifts and utilize them all with exuberance.

Sabrina, you have imagination, values, integrity, are a good example, caring, compassionate, and extend yourself to others. Excellence has become your habit. We miss your presence at home. We know you are ready to continue exploring the next segment of your life with passion. Know we will always be there for you. Aim for your dreams, fix your eye on each goal and visualize your desired outcome as already having been achieved. We have faith in you.

We love you
Dad, Mom and Shawn
